

Become An Activist for Cats

Now that you've read through the handbook and learned the issues surrounding cats, here are a few steps you can take to get active on their behalf.

- Implement a Trap-Neuter-Return (TNR) program for free-roaming cats in your community.
- Advocate for TNR programs in your community by sending polite and educational letters to city council members, accompanied by a supporting petition with collected signatures. You might even want to include a copy of this handbook to offer additional information.
- Address neighborhood concerns and complaints by educating them on the importance and effectiveness of TNR; offer to setup sprinklers and other harmless deterrents to keep cats out of gardens; and build outdoor litter boxes and scoop daily.
- Encourage your veterinarian to treat feral cats and offer TNR services.
- Respond to negative press by submitting editorial letters that present the facts on TNR and cat predation.
- Contact wildlife and bird conservation groups and encourage them to adopt nonlethal forms of animal management, including TNR for community cats.
- Request ACR's TNR brochure to distribute.
- Volunteer, foster, and donate to your local cat organizations.
- Support colony caretakers by building shelters and/or feeding stations and donating food.
- Adopt an alley cat.

TOMAHAWK LIVE TRAP

Handling with Care

The Tomahawk Live Trap team appreciates the passion caregivers have for the animals they work so hard to help. We are proud to offer quality equipment and superior customer service to support those efforts. Our team works hard to provide the best traps and animal handling equipment available with input from organizations such as **Neighborhood Cats** and **FixNation**. Our products are effective, easy to use, reliable and safe for you and the animals you care for.

Cats Drop Trap

The Tomahawk TNR Series Traps Feature

- Large trip pan to prevent animals from reaching over it to steal bait and not get caught.
- Extra-large double handles to easily stabilize and carry the trap even with a trapped animal.
- New and improved "easy release door" with locking device on top of the trap.
- Tight mesh pattern in the bait area to prevent cats from reaching through from the outside to steal bait and not get caught.
- Extra-large hand protector to help protect caregivers.

All Tomahawk Live Trap cages and traps are available with easy release sliding rear door to allow for safe and secure transfer of animals from trap to cage.

Traps also feature the "Sure-Fire" trip system with brass roller and "wound around" trigger to assure nearly 100% capture rate.

NEW AT TOMAHAWK LIVE TRAP

Neighborhood Cats Drop Trap, a light weight, strong, durable, collapsible trap. It's simple to set up for use, and folds up for transport or storage. It carries like a suitcase and fits easily in a trunk or back seat.
